

# HELIOS

## LED Highbay

### SUPERB BUILT QUALITY

The **Helios LED range** is the ultimate in LED highbay lighting, offering the perfect light for any retail, security or warehousing environment. Superb build quality, together with the combination of the outstanding Nichia SMA chip from Japan and a Meanwell driver from Taiwan serve as the backbone for this light which offers 130lms per watt. This light is perfect for any energy efficiency upgrade retrofit. There is also a Helios battery backup range for emergency lighting with 3 hours worth of battery life.
