

FutureGrow

480W Flower

F A R M S

Input	100-240VAC
Power	480W
Output	60 000Lm
CRI	90
Chips	Cree 3500K Full Spectrum 50% + 660nm (red) 42% + 460nm (blue) 7% +UVB
Dimensions	1200mmx1200mm (covers 1500x1500 grow space)
Warranty	3 Years
IP Rating	IP65
DLI	30 (700 PPFD)
CCT	3500K

Future Grow Cannabis Flowering light:

- Full Spectrum Plus Tailored B/R Ratio for optimal Flowering
- Red/Far Red Ratio designed to minimize Flower stretch while maximizing Trichome development
- Superior Heat dissipation
- Slim design for optimal space utilization
- Designed for uniformity
- Plug and Play system for ease of maintenance
