

HELIOS

LED Highbay

190lm/W version

SUPERB BUILD QUALITY

The Helios LED range is the ultimate in LED highbay lighting, offering the perfect light for any retail, security or warehousing environment. Superb build quality, together with the combination of the outstanding SMD 3030 chips and a Meanwell driver from Taiwan serve as the backbone for this light. Built-in 4kV Surge Protection provides exceptional durability in less than ideal conditions.

This unit comes in 130lm/W and 190lm/W versions.
